

👤 Summary

Dynamic and results-driven intern with hands-on experience at NIST University, specializing in data structures, algorithms, and data analysis. Proficient in Python and Java, excels in problem-solving and team collaboration, delivering impactful insights and optimizing processes through innovative software solutions. Committed to leveraging technical expertise for data-driven decision-making.

📊 Skills

Programming Languages :-

- Python
- Java
- JavaScript

Web Technologies :-

- HTML
- CSS

Database & Data Management :-

- SQL
- Database Management Systems (DBMS)
- Database Design
- Neo4j

Core Computer Science :-

- Data Structures
- Object-Oriented Programming (OOP)

Data Science & Artificial Intelligence :-

- Data Analysis
- AI Fundamentals
- Introduction to Machine Learning
- Natural Language Processing (NLP)
- Model Evaluation

Development Tools :-

- GitHub
 - VS Code
 - Jupyter Notebook
 - Excel
-

Professional Skills:-

- Version Control
- Team Collaboration

Education

Saraswati Sishu Vidya Mandir, Neelakantha Nagar

Secondary Education (Class X) General Studies, 91.33%

Berhampur, Odisha

2021

Saraswati Vidya Mandir H.S. School

Higher Secondary Education (Class XII) Science (PCMB), 67.67%

Berhampur, Odisha

2023

NIST University

B.Tech - Computer Science And Technology, CGPA: 7.9

Berhampur, Odisha

RELEVANT COURSEWORK :-

- Data Structures & Algorithms
- Database Management Systems (DBMS)
- Object-Oriented Programming (OOP)
- Operating Systems
- Computer Networks
- Software Engineering
- Artificial Intelligence
- Machine Learning
- Data Analysis
- Natural Language Processing (NLP)

Experience

RINL Visakhapatnam Steel Plant

IT & ERP Intern

May 2026 - Jun 2026

Visakhapatnam

- Completed a 4-week industrial internship in the IT & ERP Department.
- Developed applications using Full Stack Development, J2EE, and Web 2.0 technologies, contributing to project deliverables.
- Assisted in analyzing ERP workflows and enterprise systems, supporting process optimization initiatives.
- Deepened knowledge of software development and business process automation, aiding in project implementation.

NIST University

Data Science & Data Analysis Intern

May 2025 - Jun 2025

Berhampur

- Executed data preprocessing, analysis, and visualization on structured datasets to facilitate actionable insights.
- Applied Python-based analytical techniques to extract insights and support data-driven decision-making.
- Completed summer internship in data science and analysis using Python, contributing to project deliverables.
- Enhanced proficiency in data analysis, statistical thinking, and problem solving through hands-on experience.

IT World Education

Data Structures & Algorithms Training

- Completed an intensive 60-hour training program focused on Data Structures and Algorithms.
- Developed practical understanding of trees, graphs, recursion, linked lists, stacks, queues, sorting algorithms, and algorithm design patterns to solve complex programming problems.
- Applied algorithmic thinking and problem-solving techniques to effectively tackle computational challenges, improving solution accuracy and efficiency.
- Enhanced logical reasoning, coding proficiency, and optimization skills to excel in software development and competitive programming scenarios.

NIST University

Advanced Programming & Competitive Coding Intern

Jul 2024 - Aug 2024

Berhampur

- Completed an intensive 60-hour training program focused on Data Structures and Algorithms.
- Developed practical skills in trees, graphs, recursion, linked lists, stacks, queues, sorting algorithms, and algorithm design patterns.
- Executed algorithmic thinking and problem-solving techniques on computational challenges, enhancing coding solutions.
- Enhanced logical reasoning, coding proficiency, and optimization skills for software development and competitive programming.

Certifications

- **Neo4j Certified Professional**
- **AWS Solutions Architecture Job Simulation – AWS**
- **Data Analytics Job Simulation – Deloitte**
- **GenAI Job Simulation – Boston Consulting Group (BCG)**
- **GenAI-Powered Data Analytics Job Simulation – Tata**
- **Software Engineering Job Simulation – Electronic Arts**
- **AI Engineer Certification – One Roadmap**
- **AI & Data Scientist Certification – One Roadmap**
- **Java Certification – One Roadmap**

Projects

- **ATS Resume Checker using APEX LLM**
Technologies :- Python, Streamlit, NLP, LLM
- **INTERACT Social Media Platform**
Technologies :- React Native, AWS, JavaScript
- **Menstruation Tracker**
Technologies :- Python, SQLite/MySQL, Android Studio (Flutter/React Native), Notification System, Database Management.
- **RINL Material Gate Pass System**
Technologies: Node.js, Express.js, HTML5, Tailwind CSS, JavaScript, SQLite3, Bcrypt

Language

English (Advanced (C1))

Hindi (Advanced (C1))

Odia (Native)

Activities

- **Brand Executive** :- LaunchEd Global
- **Participant** – Trithon 2026 Hackathon
- **AI & Data Science Project Development**
- **Software Development Projects**
- **Competitive Programming & Problem Solving**
- **Full Stack Development Learning**

Awards & Honors

- **Matric Super Topper** – Recognized by Prameya for outstanding academic performance in Class X.
- **Certificate of Merit** – UTSE 2020.
- **Certificate of Appreciation** – Bajaj Capital.
